

Service Technician Warehouse – Clarkston WA

We are looking for a hard-working individual for our full-time position at the R.F. Druffel River Terminal Facility in Clarkston WA.

The McGregor Company serves growers in Washington, Idaho and Oregon with the seed, crop inputs, equipment, services, research and advice needed to raise healthy, sustainable crops. Our river terminals are located along the Snake River (Clarkston & Central Ferry) where crop input products are brought in and distributed to Inland Northwest farm customers.

Career minded, hardworking individual to add to our team. We need a prompt, detail oriented person with the ability to learn a variety of tasks related to the receiving, manufacturing, blending and distribution of bulk dry and liquid fertilizer at our river terminal in Clarkston, Washington. Agricultural experience is preferred, but not necessary. Applicants with any of the following will be given preference. CDL (any form), forklift, front end loader and/or skid steer operating experience.

Duties:

Duties include loading and unloading fertilizer from rail cars, barges and trucks using material moving equipment; perform a variety of tasks relating to shipment of products, set up, operate, or tend to machines to mix or blend materials; general maintenance on equipment, adherence to paperwork and training regulations.

Requirements:

- Forklift operation
- Ability to lift 50 pounds
- Attention to detail
- Safety minded professional

Position Details:

- Full Time; hourly compensation; full benefit package included for full time employees
- Based at the Port of Wilma, Clarkston WA
- Drug Free Workplace
