

SPECIMEN LABEL

SEED TREATMENT ADDITIVE

Principal Functioning Agents*

Complex of fatty acid alkoxylate
and free fatty acids... 100%

*All ingredients are exempt from the requirements
of a tolerance as specified in 40 CFR 180.

General Information

TREAT-SAFE™ is designed for use
as an additive with aqueous based
seed treatment slurries.

TREAT-SAFE™ enhances the cover-
age of seed treatment onto the seed
coat and improves retention of the
seed treatment active ingredients on
the seed after treatment, during the
treated seed handling process, and
prior to planting.

Refer to the back label for use instruc-
tions, important notices, conditions of
sale and limited warranty.

Manufactured For:

MCGREGOR COMPANY

401 Airport Road .

PO Box 740

McGREGOR TREAT-SAFE™ *Patent Pending*

WARNING

KEEP OUT OF REACH OF CHILDREN

Hazard Statements

Causes mild skin irritation.

Causes eye irritation.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS: Do not
contaminate water sources by cleaning of
equipment or disposal of waste-waters.

**PERSONAL PROTECTION EQUIPMENT
(PPE):** Handler of this product must wear
long sleeve shirt, pants, shoes, socks,
chemical resistant gloves, and splash proof
safety goggles or face mask. For additional
protection a chemical resistant apron or
coveralls are suggested but not required.

FIRST AID MEASURES:

If Swallowed: Call a doctor or get medical
attention. Do not induce vomiting. Do not
give anything by mouth to an unconscious
person. Avoid alcohol. **If on Skin:** Wash
with plenty of soap and water. If skin
irritation occurs, get medical advice/atten-
tion. Remove contaminated clothing and
wash before reuse. Get medical attention if
irritation persists. **If Inhaled:** Remove
victim to fresh air. If not breathing, give
artificial respiration, preferably
mouth-to-mouth. **If in Eyes:** Rinse continu-
ously with water for several minutes.
Remove contact lenses if present and easy
to do; continue rinsing. If eye irritation
persists, get medical advice/attention. Call
a physician if irritation persists.

STORAGE & DISPOSAL:

Storage: Store above 25° F. Store in
original package tightly closed. Store in a
cool, well-ventilated place. Do not allow
water or other chemicals to be introduced
into contents of container. Do not store
near feed or food products. Do not use or
store near open flame. **Disposal:** Offer
triple-rinsed container for recycling, or
puncture and dispose of in a sanitary
landfill or by other procedures approved by
appropriate authorities. Dispose of
contents/container in accordance with
local/national regulations.

TREAT-SAFE
is a Trademark of
The McGregor Company.

SPECIMEN LABEL

DIRECTIONS FOR USE:

LABELED CROPS: Wheat, Barley, Oats, Rye, Triticale.

SUGGESTED USE RATE¹: 0.75 to 2.00 fluid ounces per 100 pounds of seed

TREAT-SAFE™ additive should be used with a minimum total mixed slurry application volume of 8 fluid ounces or more applied per 100 lbs. of seed.

¹Rates should be adjusted to obtain the desired coverage and performance based upon the seed size, seed coat, total slurry mix volume, and seed treatment application equipment.

SEED PLANTING NOTICE: Treated Seed including treatment with the addition of TREAT-SAFE™ may flow more freely than treated seed without the addition of TREAT-SAFE™; calibration of seeding equipment with the treated seed is recommended prior to full-scale field planting operation.

MIXING INSTRUCTIONS

ALWAYS READ AND FOLLOW THE MIXING INSTRUCTIONS OF THE EPA REGISTERED SEED TREATMENT CHEMICAL FOR WHICH THIS PRODUCT IS BEING USED AS AN ADDITIVE.

The use of a jar-test to confirm compatibility is recommended prior to large volume mixing of any new treatment slurry. In the absence of mixing instructions provided by the chemical manufacturer, follow these general mixing instructions to prepare the slurried treatment mix in the application slurry tank:

1. First add ½ of the water required (if any) and initiate mechanical or other mixing device.
2. Add wettable powder and/or dry flowable seed treatments (if any).
3. Add liquid flowable seed treatments.
4. Add emulsifiable concentrated seed treatments (if any).
5. Add the required amount of TREAT-SAFE™.
6. Add remaining water (if any) and allow mixing to continue for 10 minutes prior to using.
7. Maintain application tank agitation during application.

IMPORTANT NOTICE READ CAREFULLY:

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pest, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot of a selected chemical treatment. Due to seed quality conditions beyond the control of the manufacturer, no claims are made to guarantee germination of carryover seed.

CONDITIONS OF SALE AND LIMITED WARRANTY

Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Manufacturer warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond the manufacturer's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
